Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments:

Applicant's attorney indicated that added claim 52 (in the afterfinal amendment filed 3/25/2002) was not meant to change the scope of claim 45 and that the word "segment" should not need further consideration or search. The examiner argued that the word "segment" had no length limitation attached to it, and that it was therefore being interpreted to encompass a sequence that was less than 50 nucleotides long. The attorney agreed to submit a new afterfinal amendment, incorporating the language of claim 45.

(A fuller description, if necessary, and a copy of the amendments which the examiner agreed would render the claims allowable, if available, must be attached. Also, where no copy of the amendments that would render the claims allowable is available, a summary thereof must be attached.)

i) ☒ It is not necessary for applicant to provide a separate record of the substance of the interview (if box is checked).
